NOTE:

The offers listed in this brochure may only feature a sample of the qualifying and redeemable products available for each promotion. Visit the offer link to view the full details of each promotion. Promotions are subject to change. Check the New Lab Start-Up website for the most up-to-date list of available promotions.

These promotions are not available to our current or potential healthcare customers. Healthcare customers include any healthcare practitioner, other healthcare provider or any individual or organization authorized to prescribe, dispense, purchase or influence the acquisition or use of medical devices or supplies for clinical use. Healthcare customers include, without limitation, any "Health Care Practitioner" under the Massachusetts Marketing Code of Conduct Law (defined at 105 C.M.R §907.004) or a "Health Care Provider" under the Vermont Prescribed Products Gift Ban and Disclosure Law (defined at Vt. Stat. Ann. Tit. 18, §4631a(8)). By participating in any of these promotions, you warrant that you are not a current or potential healthcare customer. Thermo Fisher Scientific reserves the right to determine your status in the event of a dispute.

This Is How It Works

Step 1: Qualify

To qualify for the New Lab Start-Up Program, you must have met at least one of these criteria within the past 12 months:

- Built or established a new lab
- Received your first research grant
- Moved to a new location

In the U.S., the New Lab Start-Up Program is restricted from current or potential healthcare customers. Because many institutions have affiliations with healthcare professionals (HCPs), we need to validate that your lab's activity, personnel, and purchasing are not considered HCPs prior to admission into the New Lab Start-Up Program.

Visit fishersci.com/newlab or fishersci.ca/newlab to apply.

Once your application is accepted, you'll receive a welcome email with your unique **PIN**. Keep your **PIN** handy – you'll need it to sign in whenever you redeem a New Lab Start-Up offer.

Step 2: Shop

- Browse more than 55 special offers by category and supplier
- Purchase the products you need for your new lab

NOTE: Product redemptions are at list price.

Visit fishersci.com/newlab or fishersci.ca/newlab for full redemption instructions.

Step 3: Save

- Place your order for a qualifying product
- Sign in to the New Lab Start-Up Redemption Center using your NLSU PIN and email
- Complete the form for your redeemable product, provide the order number information, and submit

Take advantage of as many New Lab Start-Up promotions as you'd like during your membership in the program. Each offer is limited to one redemption unless otherwise indicated. Include all qualifying products for an offer using a single purchase order.

Your redeemable product(s) will be delivered approximately six to eight weeks after your submission.

Visit fishersci.com/newlab or fishersci.ca/newlab for more promotion and redemption information.

Frequently Asked Questions

Q Where do I sign up for the New Lab Start-Up Program?

A: Visit fishersci.com/newlab or fishersci.ca/newlab to sign up.

Q How long will it take to get my PIN?

A: It can take 24 to 48 business hours to receive your PIN after your submission is complete.

Q

What do I do if I forget my PIN?

A: Please contact NewLabStartUp@thermo.com if you forget your PIN.

Q

How long will it take for me to receive my products after submitting a redemption form?

A: It may take six to eight weeks from the day you submit the NLSU redemption form to receive your redeemed product. An NLSU team member will contact you if more information is needed or there are issues with redemption,

Q either of which can cause redemption delivery delays.

Q Can I redeem an offer more than once?

A: No. Each offer can be redeemed only once.

Am I able to combine multiple purchase orders to meet the qualifications of the offer?

Q A: No. Unless otherwise specified, buy all qualifying products for an offer using a single purchase order.

How do I submit a redemption form?

A: Visit **fishersci.com/newlab** or **fishersci.ca/newlab**. Click on the Log In and Redeem button. Use your NLSU PIN and email address to submit your redemptions.

Q Can my PIN be reactivated?

A: No. We can't reactivate an NLSU PIN.

Q How long do I have to submit my redemption(s)?

A: You have 12 months from the day you were approved for the NLSU program to redeem your items.

Q Who can I contact if I have issues with a redemption?

A: Please contact **NewLabStartUp@thermo.com** with any redemption-related issues.

Q Can I select redemption items based on my specific pricing?

A: No. All product redemptions are at list price.

If the product I want to redeem exceeds the "up to" dollar amount for the offer, may I redeem and pay the difference?

A: No. The list price total for the redeemed item(s) cannot exceed the "up to" dollar amount listed on the offer.
