

Material Safety Data Sheet for Sure-Vue[®] hCG Urine Dipstick (Cat. No. 23900527)

1. Identification of the substance/preparation and of the company/undertaking

Product: Fisher HealthCare Sure-Vue[®] hCG Urine Dipstick Test

DISTRIBUTOR:

Fisher HealthCare
9999 Veterans Memorial Drive
Houston, TX 77038 USA

Further information: (800) 637-3717

2. Composition/information on ingredients

Test strip containing dry reagents (mouse monoclonal anti-hCG antibodies, polyclonal goat anti mouse antibodies and polyclonal goat anti-HCG antibodies, buffers, molecular sieve desiccant) which is sealed in an airtight canister.

3. Hazards identification

Physiochemical Hazard: None

Health Hazard: Each strip contains sodium azide at a concentration of <0.02% (7.5ng/test). All concentrations are below the acceptable limits specific to each chemical.

Environmental Hazard: None

4. First-aid measures

The product is a plastic strip containing dry reagents. If the user comes into contact with the sample (urine) being tested, normal personal hygiene measures should be taken.

5. Fire-fighting measures

Not Applicable.

6. Accidental release measures

Not Applicable.

7. Handling and storage

Store at 2-30°C.

8. Exposure controls/personal protection

Use good laboratory practice, including laboratory gloves and safety glasses.

9. Physical and chemical properties

The strip consists of a membrane and pad materials which contain dried chemical reagents. The product is odorless.

Material Safety Data Sheet for Sure-View[®] hCG Urine Dipstick (Cat. No. 23900527)

10. Stability and reactivity

Stable under conditions of use until the expiration date indicated on the corresponding label.

11. Toxicological information

Not Applicable

12. Ecological information

Not Applicable.

13. Disposal considerations

The used strip should be disposed of via an autoclave or by incineration as for other waste containing biological material. Waste material must be disposed of in accordance with federal, state and local regulations.

14. Transport information

Not Applicable.

15. Regulatory information

Not classified as hazardous according to EEC criteria.

16. Other information

None.
