Sentinel Glove Assessment Program

Showa's Sentinel program provides customized safety solutions that help prevent work-related injuries and optimize your operations' cost performance.

About

Beginning with a comprehensive hazard assessment, we identify risks in your workplace and establish a benchmark to measure the impact of the Sentinel's effectiveness over time.

Proven to reduce costs up to 33 percent, this program will give you a competitive edge by helping you get the most from your hand protection.

Key Benefits

Sentinel's 5-Phase Methodology is a holistic approach to optimizing your operations' safety and cost performance as it relates to hand and arm protection. Some key advantages are:

- Improves cost control
- Reduces work-related injuries
- Consolidates inventory
- Enhances productivity
- Ensures compliance with OSHA 29CFR 1910.132
