SELECT A SERVICE TYPE:

PIPETMAN Easy Check: This service type provides you with the opportunity to check your pipettes' performance in between calibration services. This pipette service includes internal and external cleaning, visual and functional inspection, leak test, gravimetric check, service label and a detailed report. Most brands of single channel pipettes will also receive free replacement of the seal and o-ring (where applicable) and a free tip holder if evaluation shows it needs to be replaced, all other parts are extra.

| Service Type | List Price | QTY |
|---|------------|-----|
| Easy Check Single Channel | \$25 | |
| Easy Check Multi-Channel (One Channel, leak test all) | \$33 | |
