SELECT A SERVICE TYPE:

PIPETMAN Service and Calibration: Most brands of single channel pipettes will receive a free seal and o-ring once a year (if applicable) and a free tip holder if evaluation shows it needs to be replaced, all other parts are extra. Gilson uses new, original manufacturer parts for pipette repair. All service levels listed below include a full internal and external cleaning and decontamination, adjustment and calibration, visual and functional inspection, and repair. You will also receive a calibration label and a detailed calibration certificate for each pipette.
